That approval of this application does not excuse the applicant from ascertaining and complying with the requirements of other municipal bylaws, easements, environmental reserve easements, covenants, conservation agreements, development agreements, or Provincial or Federal statutes, regulations and/or standards or codes of practice.
2. **That Development Permit approval from the County of Minburn does not constitute approval for the construction/placement of the proposed development on the subject lot under the Alberta Safety Codes Act and associated Regulations. In this regard, the necessary Safety Code Permit approvals (which include a Building Permit, Electrical Permit, Gas Permit, Plumbing Permit, and Private Sewage Permit) are required for the construction/placement of the subject development. That this development permit is not valid if it is suspended or cancelled, or if an appeal of the approval is made to the Land and Property Rights Tribunal (LPRT) in accordance with the *Municipal Government Act*, RSA 2000, Chapter M-26 as amended, or if the development that is the subject of the development permit is not commenced within twelve (12) months from the date of the issuance of the development permit or after that time if in the opinion of the Development Authority the development is not carried out with reasonable diligence.
4. That the applicant/owner shall ensure that the proposed private sewage disposal system is installed, operated, maintained and/or upgraded in conformance with any required approvals/permits and all applicable legislation. 6. That the proposed development shall be developed with positive drainage and so that any surface water and downspouts are directed away from the dwelling.
7. That development of the proposed development will result in a change in the assessment and taxes for the subject property. Please contact Municipal Assessment Services at 780-939-3310 with regards to any questions about assessment.
